

# Military Christmas Tree Display

25ft Digital RGB Frame Christmas Tree

5ft RGB Light Military Insignia Displays

## THE IDEA

Celebrate our local veterans, active-duty service members, and their families.

Be recognized as a founding supporter of a new Mandan tradition.

Make a lasting impact on our city's most cherished winter attraction.

### Honor. Illuminate. Remember.

This holiday season, help us shine a light on the brave men and women who have served our country with the new Military Tribute Display—a powerful and patriotic addition to the Mandan Holiday Lights on Main.

At the heart of this tribute will stand a 25-ft RGB animated light tree, glowing in vibrant digital color. Surrounding it will be six 4 -ft tall insignias, each proudly representing a branch of the United States military—Army, Navy, Air Force, Marines, Coast Guard, and Space Force. Each insignia will be printed in full color on weather-resistant coro board for clear visibility during the day and outlined in brilliant animated lighting by night.

The Mandan Progress Organization with the help of the Mandan Lions, are looking for 20 community supporters to step forward with a one-time contribution of \$4,000 to help bring this meaningful tribute to life.

Contributing supporters will be acknowledged annually on-site with signage at the display and across our digital presence with a community thank-you. Together, let's light up Mandan with gratitude and pride. Join us in honoring those who've served—one light at a time.
